## **BELEK**

*Belek a true paradise on earth is the right destination for your holidays to Antalya which will surely last in your memory for a long time. Located 30km east of Antalya the area has become the number one tourism and golf centre of Antalya region.*

*Growing day by day Belek is likely to become one of the most popular golf centres of Europe. Not just golfing but windsurfing rafting climbing hunting and many other water sports are available in Belek. Thanks to the wonderful nature of the region that at certain times of the year like March and April you may ski in the mountains and enjoy a swim in the sea on the same day.*

*Belek natural beauty came to attention in 1984 and the region was proclaimed the Belek Tourism Center. In later years Belek became a tourism paradise with the cooperation between the Belek Tourism Investors Association and Ministry of Culture and Tourism.*

*With 574 kinds of plants which 29 of them are endemic Belek peerless nature also hosts 109 different bird species including the Tyto Alba live. Caretta caretta turtles lay their eggs to the sandy beaches. Sun shines almost every month of the year. Each year many national and international football teams choose Belek as their camp and exercise base.*

*Just 25 kilometers away from the Antalya airport Belek can be your backyard whenever you want to escape.*

*Belek has a long summer season and you can enjoy the sea from early May to late October or mid November. You can still swim in the sea in winter like many tough people do or wait for summer like most of the locals do. Actually average winter sea temperatures are higher than the average summer sea temperatures of the northern parts of Turkey and most of the Europe. Below you can also find the average sea temperatures month by month*
