JUDO COOPERATION

This seminar is organized by the regional French federation “Ligue Grand Est de Judo” (LGEJ) and the European Judo Union (EJU) in the Lorraine region in replacement of the traditional SNR. The Interreg Judo Cooperation, the Luxembourg Judo Federation (FLAM) and all project partners of IJC support the LGEJ in the organisation.

This course is open to teachers from the Ligue Grand Est (FRA), Luxembourg, and the regions of Saarland, Rhineland and Palatinat (GER). Other participants can also join if places are available.

Please note that the number of places is limited to 150 participants, registration is mandatory before September 25th at *Service Formation*.

The European Judo Union (EJU) believes that the training of club teachers should be treated with the same importance as that given to national coaches responsible for high level athletes.

The club is the starting point for the national teams of each federation. A quality basic education is essential to allow the judoka to express himself with all his potential.

This training course will be supervised by **Vitaly MAKAROV**, World Champion in 2001 in Munich and Olympic Vice-Champion in 2004 in Athens, Coach of the Russian women's national team, Expert of the European Judo Union.

COVID MEASURES: Requirement of PASS’SANITAIRE : it will be required and controlled at the entrance of the sports complex for everyone.

The "Pass'Sanitaire" consists of the presentation, digital (via the TousAntiCovid application) or paper, of a health proof, among the following three:

- **Vaccination, proving that people have a complete vaccination schedule and the necessary time after the final injection**
- **Proof of a negative PCR test less than 72 hours old**
- **A positive RT-PCR test result demonstrating recovery from Covid-19, at least 11 days old and less than 6 months old**
